

# BEHIND THE SCENES

## FROM THE EXECUTIVE DIRECTOR:

I hope this spring/summer issue of *Behind the Scenes* reaches you and yours in good health and with time in the months ahead to recharge and enjoy the season.

In this issue, you will see on page 2, that due to rising medical, hospital and prescription drug costs, the Health Fund Plan C CAPP account charges will increase for some coverage options beginning October 1, 2026. The new charges come after a careful review of benefit costs and cost projections.

This issue also introduces a new vision plan that offers improved benefits on all your vision needs (page 3). We have also provided important information on a variety of discounts that include special offers for your vision and hearing aid needs (pages 4 and 5). On page 6, read about Anthem's new EAP program, Headway, that makes it easier to connect with a therapist for mental health support. See how regular dental cleanings can brighten your smile and boost your overall health (page 7). We've also included a quick recipe for a healthy summertime breakfast (page 9).

We also have included tips to help you get the most out of your benefits, including Vacation benefits (page 9) and Pension benefits (page 11), and you can find valuable resources on page 10 to help you check in on your financial goals.

On behalf of the Trustees and the staff of the IATSE National Benefit Funds, I wish you and your families a happy and healthy summer.

Best wishes.

Anne J. Zeisler

# Some Health & Welfare Plan C CAPP Rates to Increase Starting October 2026

At its recent meeting, the Board of Trustees of the IATSE National Health & Welfare Fund carefully reviewed the Fund’s benefit costs and looked at cost projections for the six-month period beginning October 1, 2026, as compared to the current CAPP account charges.

With the continued increases in medical, hospital, and prescription drug costs, the Trustees have determined that the CAPP account charges for some of the Plan C coverage options will increase effective October 1, 2026.

CAPP account charges for Plans C-2 Single, C-2 Family, C-3 Single, and C-3 Family are set to increase by \$58 per month (\$174 per quarter) effective October 1<sup>st</sup>, and CAPP account charges for C-4 Single and C-4 Family will increase by \$33 per month (\$99 per quarter) effective October 1<sup>st</sup>. Rates for C-1 and Triple S will remain unchanged.

The amount in your CAPP account available for the October 1<sup>st</sup> coverage quarter will include employer contributions **received by** the Fund Office during May, June and July 2026, along with any unused balance in your account from prior employer contributions.

If you have a CAPP account balance in excess of the charge for two quarters of your enrollment choice, that excess is available for the reimbursement of uninsured medical expenses, such as copayments. This is the **Medical Reimbursement Program**, also called Plan-C MRP.

If the balance in your CAPP account is not sufficient to cover the CAPP charge for the coverage option of your choice, you can self-pay the difference. The fastest and easiest way to make a self-payment is through the Fund’s website via MasterCard or Visa. You won’t have to worry about mail delivery, and you will get an immediate payment confirmation.

We encourage you to check your CAPP account balance either online at [www.iatsenbf.org](http://www.iatsenbf.org), by email at [psc@iatsenbf.org](mailto:psc@iatsenbf.org) or by calling the Fund Office toll free at 1-800-456-FUND (3863) before you make any selections or co-payments.

**See below for the current quarterly CAPP charges and the new quarterly CAPP charges for the six-month period October 1, 2026 through March 31, 2027.**

## 6 Reasons to Schedule Your Dental Cleaning Now

Regular dental cleanings—for you and your family—are a great way to make the most of your dental coverage through the Health and Welfare Fund. From the Fund’s dental administrator, Delta Dental, here are six benefits of regular cleanings:

- 1. Prevent cavities.** Cleanings remove plaque, a sticky bacterial film that builds up on your teeth over time. Left unchecked, this acidic substance can erode your enamel and lead to tooth decay. Staying on top of cleanings is one of the easiest ways to protect your smile.
- 2. Stop tooth loss.** Plaque affects more than your teeth. It can irritate and weaken your gums, as well. When gum health deteriorates, teeth can loosen and eventually fall out. Regular cleanings help keep your gums healthy and your teeth firmly in place.
- 3. Brighten your smile.** Coffee, tea, wine, and tobacco can all leave their mark on your teeth. A professional cleaning removes surface stains and leaves your teeth freshly polished, bringing out the best in your smile.
- 4. Freshen your breath.** Good oral hygiene is the foundation of fresh breath. Even if you brush and floss consistently at home, a professional cleaning goes deeper, helping keep your mouth healthy and odor-free.
- 5. Boost your overall health.** The connection between oral health and overall wellness is well established. Regular dental cleanings may help lower your risk for serious conditions such as heart disease and stroke.<sup>1</sup> Taking care of your mouth is a vital step in taking care of your whole body.
- 6. Save money.** By addressing small issues before they become bigger problems, you can avoid more costly dental work down the road. It’s a smart investment in your long-term health.
